

ORBA

CONTRACTOR MEMBER

WORKING TOGETHER TO KEEP ONTARIO MOVING

ABOUT ORBA

Formed in 1927, ORBA has been the voice of the road building industry, representing the interests of contractors and goods and service providers, which employ over 30,000 workers.

With over 300 members, the Ontario Road Builders' Association has been focused on raising the profile of infrastructure needs and the importance of the good roads to keep Ontario moving for the past 90 years.

ORBA provides a dynamic slate of programs and services, designed to support the growth and operational efficiency of our members' businesses.

Together with the Ontario Asphalt Pavement Council, ORBA is here to take care of the roads and those who build it.

ABOUT OAPC

The Ontario Asphalt Pavement Council is a Council of the Ontario Road Builders' Association (ORBA). As of January 1, 2017, the Ontario Hot Mix Producers Association (OHMPA) was amalgamated with ORBA.

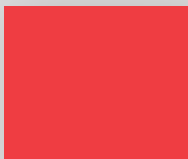

ORBA was formed in 1927 and has been the voice of the road building industry, representing the interests of contractors and goods and service providers, which employ over 30,000 workers.

OHMPA was formed in 1974, and served as the respected voice for hot mix asphalt producers on all subjects affecting the asphalt industry and members' businesses. As the Asphalt Pavement Council of ORBA, we now have one unified voice to support our members.

ORBA OAPC producer and asphalt cement supplier members include all major asphalt producers and asphalt cement suppliers across Ontario. Producer members represent over 95 percent of all the hot mix asphalt (HMA) producers in the province of Ontario.

The asphalt industry of Ontario supports the province's \$37 billion construction industry. Ontario's asphalt producers and contractors employ approximately 30,000 workers during peak construction season, which is March through October. During this period, an estimated \$8.1 billion in total employment income is created by the asphalt industry.

ORBA and the Ontario Asphalt Pavement Council offer a robust program throughout the year including topical industry related workshops, webinars and seminars. These are communicated through regular bulletins.

GET AHEAD

Get insider knowledge into the transportation infrastructure industry, with industry standards and best practices and changes in legislation and regulations. You also get instant access to the MTO Bidders list as well as regular updates.

Annual Report

The ORBA Annual Report provides a full summary of the past year's priorities, activities and overall Association performance.

MTO Tender Results

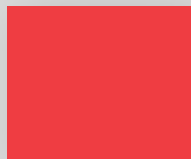

Use this as a tool to anticipate your contractor needs! ORBA Members receive instant email notification of MTO head office tender awards.

Annual Industry Directory

The directory provides a hard copy contact resource for ORBA Members, including a comprehensive list of contractors, municipal contractors, producers, asphalt cement suppliers and associate members.

Bulletins and Information

Be prepared by reading your regular bulletins. ORBA and OAPC regularly send bulletins with information on a wide range of subjects from ORBA events and activities, to news about new legislation affecting the industry, pertinent business and economic information and infrastructure information.

GET RECOGNIZED

ORBA has a longstanding relationship with the MTO and local municipalities. ORBA Membership includes membership and access to the Ontario Asphalt Pavement Council and ORBA Member companies are integrated CCA Members.

MEMBER EXCLUSIVE ADVERTISING AND SPONSORSHIP OPPORTUNITIES

ORBA Members receive exclusive opportunities to sponsor, exhibit and attend events with the association. Activate your membership to create a brand presence with ORBA and OAPC Members.

GET CURRENT

Receive regular communications on industry developments and policy issues.

ORBA Website

The ORBA website is the prime means of communicating with members, and provides members with a members only corner, delivering industry news and information as well as special member offers.

Road Builder Magazine

Published quarterly, ORBA's magazine talks about member companies, their projects, products and services, industry issues, new equipment and technology and much more.

Asphalt Topics Magazine

ASPHALTopics is the official publication of the Ontario Asphalt Pavement Council (formerly the Ontario Hot Mix Producers Association). ASPHALTopics is the best read magazine in the industry. Published three times a year, each issue covers the latest technological innovations and projects, company profiles, industry news and views.

Information Highway

Information Highway is ORBA's bi-weekly electronic newsletter which provides current industry news across a breadth of topics. We welcome contributions to Information Highway from members, academia, industry experts and others. Please submit your articles to our communications team, at abigail.wright@orba.org.

Marketing Committee
Plant & Paving Committee
Technical Committee

For more information on ORBA and OAPC Committees, please visit <http://orba.org/committees/> or http://www.onasphalt.org/about_us/committees.html

If you are interested in joining an ORBA committee or an OAPC committee, please email ORBA's COO Bryan Hocking at Bryan.Hocking@orba.org and specify which committee.

GET EDUCATED

ORBA Road Building Academy

The ORBA Road Building Academy is a week filled with select courses tailored to the Road Building industry. The course offering consists of current issues, management, leadership and technical courses which can be implemented into your day to day working activities.

Online Courses

ORBA has partnered with Buildforce and offers an array of online courses developed for the construction industry. To learn more about this offering, please visit www.orba.org/onlinecourses.

Webinars

Throughout the year, ORBA offers educational and topical webinars in partnership with industry experts to ensure our members are kept informed. Look out for these webinars on our events calendar <http://orba.org/orba-events-calendar/>

Workshops

ORBA and the OAPC Council hosts several industry related workshops and seminars throughout the year to ensure that members are informed to continue working towards the best quality and standards in the industry.

Gold Seal Certification

In partnership with the Canadian Construction Association, ORBA promotes the completion of Gold Seal Certification to raise the bar in excellence. Learn more at www.goldsealcertification.com

GET INFORMED

ORBA OBJECTIVES

Promoting infrastructure investment at all levels of government is of the highest priority for ORBA and the government relations team. The Association's is a strong, respected voice at Queen's Park. ORBA meets regularly with provincial cabinet ministers and senior government officials to promote the importance of maintaining a strong highways capital program, greater provincial commitment to municipal infrastructure needs, longer-term infrastructure planning and sustainable funding.

Contracts and Specifications

ORBA Operates standing committees that work directly with MTO and municipal owners on creating and revising contracts documents and specifications.

Ontario provincial standards

ORBA representatives promote members' interests in Ontario Provincial Standards and Specifications working committees where standard specifications for municipalities are developed.

Municipal tendering

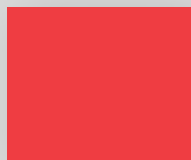

ORBA promotes the use of accepted and fair tendering practices by Ontario municipalities and represents members in cases where unacceptable practices are used.

Ontario Asphalt Pavement Council Objectives

- Promote plant mix asphalt pavements in Ontario.
- Promote health and safety best practices and educate members on health and safety regulations for all aspects of plant mix asphalt production and laydown.
- Promote environmental responsibility and educate our members on environmental regulations.
- Promote standards of quality in all aspects of plant mix asphalt production and plant mix asphalt pavement design and construction.
- Promote the highest standards of business practice amongst members.
- Liaise with governments, technical specifiers, related associations and other customers on matters directly affecting the industry.
- Educate and assist members on matters involving the production, laydown and testing of plant mix asphalt products.
- Provide support for the research and development of plant mix asphalt and asphalt pavements.

Research & Development Investment

OAPC has invested in various R&D projects over the years including:
Funding for the Centre for Pavement & Transportation Technology (CPATT) / University of Waterloo
CPATT Reclaimed Asphalt Pavement (RAP) study
OHMPA/MTO Life Cycle Costing (LCC) Studies
