ONTARIO RIDES ON US

A key to the construction of quality roads is building a solid partnership between road owners and the industry. This year's Partners in Quality Seminars present a unique opportunity for producer members and contractor representatives to get the latest industry information that will impact their work in 2022. Attendees will have the opportunity to meet face-to-face with local Ministry of Transportation representatives along with municipal and consulting engineers.

The Partners in Quality seminars bring together the best minds in the industry to engage in conversation about what we have accomplished and how we can work toward achieving the highest quality asphalt.

ATTENDEES WILL LEARN ABOUT:

- Performing Asphalt Mixtures: Quality Testing, and Balanced Mix Design
- MTO Bituminous Specification Updates & Other Initiatives (MERO)
- OAPC/OGRA Liaison Report and 2022 Local Municipal Forecast (OGRA/MEA)
- Improving Municipal and Industry Connections
- Climate Change Impact on Transportation Infrastructure
- Integrated Pavement Solutions: Advancing Resilient Strategies
- OAPC Marketing & Communications Initiatives

Getting the right information at the right time paves the way for success. Be sure to register today for the Partners in Quality Road Tour Seminars, which offer a once-in-a-year opportunity for members to meet owners and discuss ways to continue to improve Ontario's number one choice in pavement, asphalt.
